New launch: project cargo China 2026

transport logistic exhibitions and HeavyLift magazine are launching

“project cargo”, a new exhibition area dedicated to the heavy lift, breakbulk and project logistics community. It is side by side with road, rail, air, and sea logistics, ensuring meaningful exchange across the supply chain. From EPCs to carriers and ports to technology providers, project cargo China 2026 brings the right people together – with a focused exhibition zone, curated content program, and global reach. This is where the heavy logistics world meets.

Heavy Lift & Project Forwarding International (HLPFI)

Smart logistics with Next-generation tech

Logistics is evolving with Industry 4.0, transforming into tech-driven, real-time adaptive systems. Powered by innovations such as robotics, AI, machine learning, and IoT, smart logistics is now crucial for modern supply chains. Companies are rushing to adopt these technologies to gain a competitive edge in an increasingly complex market. transport logistic China 2026 provides the ideal platform to connect with smart logistics leaders and explore the latest solutions.

Your gateway to China, connect to the world

Global cross-border e-commerce is thriving due to digitalization and rising consumer demand, fueling the need for efficient logistics solutions. China, the world's largest e-commerce market, offers unparalleled opportunities for global expansion. Entering the Chinese market provides access to a crucial cross-border e-commerce hub, boosting your international presence.

Facts and figures 2024

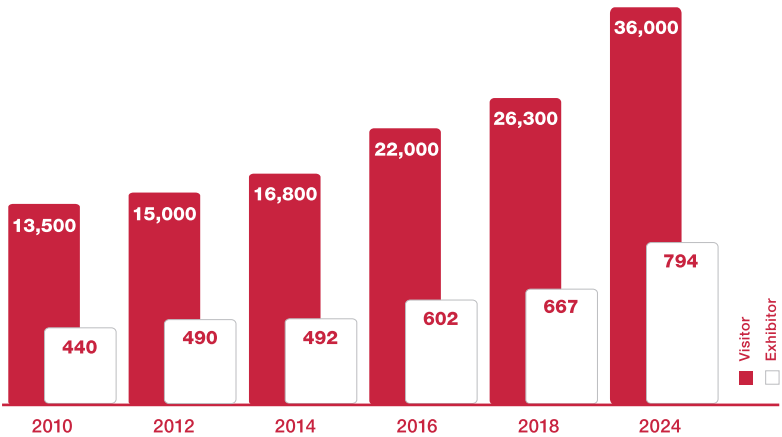

"The turnout at transport logistic China 2024 has been impressive. We noticed a significant number of international visitors this year, which reflects the positive economic trends under the country's open policy and the high level of openness of the exhibition itself."

Maolin Geng
General Manager of Market Development Department, Hefei Logistics Holdings Group Co., Ltd.

"air cargo China and transport logistic China is a great platform for us. We are so excited to meet with partners and potential partners here. I have been very impressed with a lot of our competitors' exhibit at the same time."

Mark Drush
Chief Officer Cargo, QATAR AIRWAYS Cargo
